CONSUMPTION

ALFALFA IS PROLIFIC.

One of the Best Stock Feeds and Profitable Bearers on the Farm.

T. B. Lanier of Tavares, who has been in the city for the past two days, brought from the farm of Judge P. B. Weaver, who resides near Leesburg, a sample of alfalfa, which is regarded as one of the best and most nutritious stock feeds that can be produced. The sample in question is twenty inches high and came from the seventh cutting from the same sowing from ordinary pine land.

Mr. Lanier states that many of the farmers of Lake county are turning their attention to alfalfa as a stock feed for two reasons—first, prolific and continued yield with original planting, and second for the superior nutritious qualities of the weed, which is similar in this respect to the velvet bean. It has been demonstrated that this weed will harvest four tons to the acre each cutting on ordinary land.

Parties interested may secure further information regarding this forage by writing to Mr. Lanier at Tavares or Judge P. B. Weaver of Leesburg.

THIS WAS RAINING SOME.

If Weather is Moist Today, Will be Sixteenth Consecutive Saturday.

It is no wonder that the farmers in this immediate vicinity are complaining of the damage to their respective crops by continued rains, for they have a right to do so—and their statements must be correct.

This has been the wettest season in Gainesville and vicinity, and in fact throughout the entire county, for many years. If the sky-juice falls in this city today it will be the sixteenth consecutive Saturday, which fact has also proved detrimental to commercial trade, as all merchants have been complaining that the conditions of the weather prevented the country people visiting town.

The rain has not been confined to one special day in the week, but almost every day there has been a deluge.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

Animals and Flesh Eating.

Arguing against the eating of meat, an English writer remarks: "Almost any animal can be made to eat flesh. The kangaroo has canine teeth. Horses, oxen and sheep may be taught to eat flesh. Norwegian cows have been known to eat flesh. Goldsmith saw a sheep eat flesh. A carnivorous sheep is now in London. Spallanzani has shown that a pigeon may be made to live on flesh and an eagle on bread."

Beautiful Comparisons.

The horse shares with woman the gift of the greatest animate physical beauty, and the classification does the lady no discredit. As for man, his partner in pulchritude is away down the line, probably a mule and maybe a burro.—San Francisco Call.

The Last Word.

"Does your wife insist on having the last word?" said the man who asks impertinent questions.

"Certainly not," answered Mr. Meekton. "She doesn't have to insist."—Washington Star.

Be extraordinary in your excellence if you like, but be ordinary in your display of it.—Balthasar Gracian.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Strong, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

Mississippi Mob After Negro.

Meridian, Miss., Sept. 29.—George Evans, a negro, who had just served a sentence of eight years for manslaughter, criminally assaulted a 15-year-old negro girl near Voseburg, 40 miles below this city. A posse of white and negro men are now in pursuit. Evans remained in the neighborhood of the crime. Hounds were secured by the deputy sheriff, and a man hunt is now in progress. Negro members of the posse declare they will lynch Evans if he is caught.

Your Life Current.

The power that gives you life and motion is the nerve force, or nerve fluid, located in the nerve cells of the brain, and sent out through the nerves to the various organs.

If you are tired, nervous, irritable, cannot sleep; have headache, feel stuffy, dull and melancholy, or have neuralgia, rheumatism, backache, periodical pains, indigestion, dyspepsia, stomach trouble, or the kidneys and liver are inactive, your life-current is weak.

Power-producing fuel is needed; something to increase nerve energy—strengthen the nerves.

Dr. Miles' Restorative Nerve is the fuel you need. It feeds the nerves, produces nerve force, and restores vitality.

"When I began taking Dr. Miles' Restorative Nerve and Anti-Pain Pills I was confined to my bed. I had severe nervous spells, the result of two years illness with malaria. I gradually grew so weak that I was unable to sit up. The spells would commence with cold chills, and I would become weak and almost helpless. My circulation was poor. I had doctored right along but grew weaker and weaker. The Nerve and I gradually grew better. I have taken in all seven bottles of the Nerve, and I am entirely well."

ROSA E. WEAVER, Stuarts, Ia.
Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.
